Jan & Jack's Uptown Thrift Store to Open in Dwight Nov. 1

by Meta Machulis

Dwight will gain another new store on Sunday, November 1, when Jan & Jack's Uptown Thrift Store opens at 158 and 160 E. Main St.

Owners Janice and Jack Fitzpatrick of Dwight said the store will offer a variety of items, including clothing, furniture, small appliances, glassware, exercise equipment, Christmas decorations and more.

"You name it, we've probably got it," Jack said.

The Fitzpatricks have been taking donations for the store since spring, and Jack said they now have six storage units full of merchandise.

"The people of Dwight and surrounding areas have been really great at giving donations," Jack said. "We have many nice items and are grateful for all the donations."

Donations are still being taken and can be dropped off at the store, or local pick-up can be arranged by calling the Jan & Jack's Uptown

Thrift Store at 815-584-9452. Jack said donations of men's clothes are especially desired, but "We'll take almost anything that's resellable."

The Fitzpatricks had originally planned to open the store as "Old Route 66 Thrift Store and More" in the Waupansie Street building previously occupied by Pamida. That location was for sale, but the Fitzpatricks planned to rent it until it was sold. However, the old Pamida building was recently sold, making it necessary for the Fitzpatricks to find a new location for their thrift store.

Organizers of the proposed Dwight Teen Center had been renting the space at 158 and 160 E. Main St. at a discounted rate until the Fitzpatricks began renting it for their thrift store. According to landlord Mike Hahn, he and the teen center president "had an arrangement with an understanding that if someone else came along with cash in hand, they would get the building."

As Flu Spreads, Schools Feel the Impact – – –

(continued from page 1)
Kids are now staying home not just because they have the flu, but also because they don't want to get the flu.”
Dwight Township High School was also hit hardest on Tuesday, October 20, when 55 of the school's 306 students were absent with flu

symptoms, according to Superintendent Dale Adams. That number was down to 33 by October 22.
One DTHS student was thought to have the H1N1 virus, but it was later discovered that was not the case. Adams said that even if a

student were to be diagnosed with H1N1, “unless they have an underlying health condition, (students) are going to experience the same symptoms as they would with the seasonal flu.”
Adams said the school is following CDC guidelines and stressing that students should only return to school once they have been clear of flu symptoms for 24 hours without medication. The school can request a doctor's note stating that a student is no longer contagious if he or she has been out of school for three consecutive days; however, Adams said the CDC has recommended lightening that policy, and it will probably not be enforced at DTHS. Too many children would miss too many days of school if they were not allowed to return once they felt better, he said.

Adams also said DTHS would only consider canceling school if so many faculty members became sick that it was impossible to teach classes.
“For us to cancel school, then we would have to say to the kids, ‘You don't go out and be in contact with each other,’” Adams said. He believes that ill children and healthy children would be more likely to spend time together on a day off school, thus spreading the flu virus to more people than if ill children just stayed home from school for a day or two.

Although Herscher High School's flu absence rate peaked at 42 students during the week of October 12, Principal Ron Oloffson said that rate is not high considering that the school has about 685 students. The situation was similar in the Tri-Point district, where all three schools were reporting about 10 percent of students absent due to the flu, according to

Superintendent Steve Fink. Neither HHS nor Tri-Point has considered canceling school. Fink said he has learned, through discussions with other area superintendents, that there seems to be one week with high absences, but absence rates drop the following week as students get well.

GSWHS, DTHS, HHS and Tri-Point are all taking precautions to prevent the spread of the flu virus. Decman said Gardner South Wilmington has sent out information to the school community on how to prevent viruses from spreading, and Adams said Dwight is encouraging students to wash their hands regularly and asking sick students to stay home. GSW has placed hand sanitizer in the lunchroom and provided every teacher with disinfectant spray, and DTHS, HHS and Tri-Point have placed hand sanitizer in every classroom.

Custodians at all four schools are routinely cleaning surfaces, but Decman said, “We're finding that the school isn't the petri dish; it's the actual humans.” He said bacteria only survives for about two hours on a non-organic surface, so cleaning the school's hard surfaces is not as important as keeping sick students from sharing germs with healthy students.

Adams said, “There's good and bad that come with all the media attention this flu has gotten. One of the good effects is that we're seeing more kids, as well as more teachers, who haven't taken a day off in years stay home (if they are sick).”

Decman agreed that educating people about the spread of the flu is key to staying healthy.
“Hopefully, this will all be over soon,” he said.

Identifying and Avoiding the H1N1 Flu Virus

by Meta Machulis
Flu season has arrived, and this year, it's a double-whammy. People are not only worried about the seasonal flu, but also about the H1N1 virus, also known as Swine Flu. All the media attention given to the H1N1 virus has left many people wondering how to avoid the flu and how to tell the difference between seasonal flu and H1N1.

Dr. John Bolden, M.D., infectious disease physician on the medical staff at Morris Hospital & Healthcare Centers, said seasonal flu and H1N1 flu have similar symptoms, which may include fever, cough, sore throat, runny or stuffy nose, body aches, headache, chills, fatigue and sometimes diarrhea and vomiting.

“Most people with H1N1 have had mild illness and have not needed medical care or antiviral drugs,” Bolden said. “The same is true of seasonal flu.”

According to a Morris Hospital press release, individuals with flu symptoms are encouraged to stay away from others as much as possible to keep from making them sick. The Center for Disease Control also recommends staying home for at least 24 hours after the fever is gone.

While most people with flu have mild illness, certain people are more susceptible to complication from the flu and should talk to a healthcare provider about whether they need to be examined if they get flu symptoms. This includes children younger than five and especially younger than two years old; people 65 and older; pregnant women; and people who have cancer, blood disorders, chronic lung disease, diabetes, heart disease, kidney disorders, liver disorders, neurological disorders, neuromuscular disorders and weakened immune systems.

The CDC also advises that the emergency room should be used only for those who are very sick, and individuals should not go to the emergency room if they are mildly ill.

Cases of H1N1 have been confirmed in Livingston, Grundy and Kankakee counties, according to the Illinois

Department of Public Health. However, no H1N1-related deaths had been reported in any of the three counties as of October 16.

In addition to the seasonal flu vaccine, the H1N1 vaccine is now available. It comes in two forms: an inactivated intranasal vaccine containing a killed virus, which is injected; and a live, attenuated intranasal vaccine (LAIV) which is sprayed into the nose. The inactivated vaccine is given to high-risk individuals, while the LAIV is approved for people from two through 49 years of age who are not pregnant and do not have certain health conditions.

The Livingston County Health Department in Pontiac is currently offering the first round of the H1N1 vaccine to high-risk, priority groups at no cost to the public, through a grant received by the health department. Clinic dates are Wednesday, October 28, 7:30 a.m. to 1 p.m.; Saturday, October 31, 10 a.m. to 2 p.m.; Wednesday, November 4, 7:30 a.m. to 4 p.m.; Saturday, November 7, 10 a.m. to 2 p.m.; and Wednesday, November 18, 7:30 a.m. to 4 p.m.

“We're still encouraging everyone to get the H1N1 vaccine when their group is called,” said Linda Rhodes of the Livingston County Health Department. “Until their group is called, we're encouraging them to practice the three C's.” The three C's are *Clean* (wash your hands), *Cover* (your mouth when you cough or sneeze) and *Contain* (stay home if you are sick).

The seasonal flu vaccine is also being offered every Wednesday from 9 a.m. to 4 p.m. at the health department for as long as the vaccine is available.

For more information on vaccines at the Livingston County Health Department, call 815-844-7174.

The Grundy County Health Department is out of the seasonal flu vaccine, except for children age six months to three years. Call 815-941-3149 to schedule a seasonal flu shot for a young child. The Grundy County Health Department has not yet received the H1N1 vaccine.

Doc's Drugs of Dwight has ordered 1,200 units of the H1N1 vaccine, but they have not yet arrived. Dwight Pamida will not be offering the H1N1 vaccine.

"Christmas For Kids" in 18th Year of Helping Families in Need

Christmas for Kids is a program started 18 years ago in Dwight to help families in need at Christmas. Using funds donated by various Dwight area organizations and individuals, a volunteer committee sends offers of help to needy families who are parents or legal guardians of children living in the Dwight school district. Those families are asked to fill out a "Wish List" of items needed and/or wanted by their children.

Once the "Wish Lists" are returned, the committee determines how much money they can contribute for each child, depending upon the funds they have available to them at that time.

Then the committee needs your help! Volunteers are needed to shop for the children using the "Wish List" and funds from the

Christmas for Kids committee.

They ask that the gifts be returned, wrapped and properly labeled. The committee then organizes the gifts to be delivered. Volunteers are again needed to help deliver the gifts before Christmas.

If you have an interest in helping with this program, here is the information you need:

1. To shop for a family: Please go to the Dwight United Methodist Church, 701 S. Columbia St. (next to the Dwight Grade School) between 10 a.m. and 2 p.m. on Thursday, November 12. Gifts will need to be dropped off at the church by Thursday, December 10.

2. To deliver gifts: Please go to the Dwight United Methodist Church on Saturday, December 12, at 9 a.m. Delivery of Christmas for Kids gifts is done along

with the delivery of Love Boxes (a program that provides food boxes for families in need).

3. Last, but not least: They need your donations of money!! The program buys gifts from each child's "Wish List," and therefore cannot accept donations of general items. Monetary donations are accepted at each of the four Dwight banks. Checks should be made payable to: Christmas for Kids.

As always, they greatly appreciate your help with this program! Without your donations of money and your time, this program would not be possible.

If you have any questions, you may contact the Christmas for Kids Committee at 815-584-2179.

Dwight Community Chest Fund Drive Begins

The Dwight Community Chest Fund Drive is underway for 2010-2011.

Area businesses and residents are being asked to continue their support of the Dwight Community Chest, which has provided more than \$30,000 in funding to local non-profit organizations during the past year.

"We realize that many people and businesses are still feeling the effects of the current economy," said Eric Stewart, Dwight Community Chest Fund Drive chairman. "This has also increased the need that many of our funded organizations feel as well. We'll need as much support as possible in order to keep funding these groups at the

level we have in the past. One of the things to remember is that almost all of the money donated stays right here in the Dwight area, helping local citizens."

Organizations that have benefited from the community chest include youth softball, baseball and football; Girl Scouts and Boy Scouts; Relay for Life; the Dwight Ministerial Association; Futures Unlimited; Livingston County Show Bus; the Dwight Historical Society; Dwight Senior Citizens; Christmas for Kids; and many others.

To make a donation, contact Dwight Community Chest by calling 815-584-1212.

DTHS District #230 Earns Highest Financial Profile Rating

by Madelyn Fogarty
madelynfogarty@yahoo.com

For the third year in a row, Dwight Township High School District #230 has received a financial profile rating of 4.0 – the highest rating available – earning the district recognition status. An auditor with Sterling-based firm Lindgren, Callihan and Van Osdol & Co. presented the 2008-09 fiscal year audit report to the Board of Education at its October 19 session. According to the auditor, the district “is in a very good financial position.”

“This speaks very well of how things have been managed here,” the auditor told the board regarding the rating. He went on to say that with the State’s financial situation and monies not coming in as expected, “to stay at this high level is commendable.”

Over the past five years, the sixth day enrollment numbers for the district have remained fairly flat with marginal growth in 2006 and 2007, then trending downward. Sixth day 2008-09 enrollment at DTHS was 293

students with total revenues per student at \$12,718 and expenditures per student at \$14,093.

At the close of the 2008-09 fiscal year, the district had nearly one year’s worth of operating expenses in the Education Fund with a balance of \$2,846,383. The Operations and Maintenance Fund boasted monies to support approximately 799 operating days with a balance of \$847,223.

The district had a 2008-09 assessed valuation of \$116,072,110 with roughly 75 percent of its income from property taxes.

In other business, the board approved a proposal to increase the school’s building/maintenance staff by one person. Many factors led to the request which was presented by Tony Noonan, head of building and maintenance services for both Dwight school districts.

Several years ago, a half-time maintenance position was not filled following a retirement. Now, with the many recent building renovations, projects and added responsibilities taken on internally by the maintenance

staff, there has been an increased burden on the custodians and buildings and ground personnel to keep up with the changes. The request received the full support of Superintendent Dale Adams, and the District will move forward with adding a position.

The board also:

- approved four early graduation requests.
- approved Dale Vigna as a volunteer varsity assistant boys basketball coach.
- learned that the recent Village of Dwight sewer rate increase will add approximately \$900 per year to the district’s water bill.
- heard a report on the status of the DTHS library from Librarian Becky Trewartha.

Dates to remember:

- October 29 – Early Dismissal (11 a.m.) / Parent Teacher Conferences
- October 30 – No School – Parent Teacher Conferences
- The next meeting of the DTHS Board of Education will be November 16 at 7 p.m. in the DTHS Board Room. All regular meetings are open to the public.

Does Your Car Sound Haunted?

Halloween is the time of year for squeals, squeaks, screeches and things that go bump in the night, but when these eerie and haunted sounds come from your car, it's time for maintenance. Noise is to the vehicle what pain is to the body: a warning. According to the Car Care Council, the following strange and scary noises are clues that trouble is brewing within your car.

- Squeal: A sharp noise that usually means a problem with the brakes or the power steering, fan or air conditioning belt. The entire brake system should be checked every year, including brake linings, rotors and drums. Belts should be inspected every three months or 3,000/5,000 miles.
- Screech: A sound typically caused by brake wear indicators that tell you it's time for maintenance.

Brakes are a normal wear item for any car and eventually they're going to need to be replaced for both performance and safety reasons.

- Squeaks: A number of things can cause squeaks, including belts, the water pump or alternator bearings or a pulley. Belts should be replaced when cracked, frayed, glazed or showing signs of excessive wear. And water pumps, tensioners, idlers and alternators all have bearings that can fail and "squeak," all of which should be checked.
- Bang: A backfire, which can be caused by lean air/fuel ratio, an ignition malfunction and/or a mechanical failure.

- Grinding (a metal-on-metal grating noise): A sound that is related to the brake linings. The brake system is your car's most important safety system and needed repairs should never be put off.
- Heavy knock: A pounding sound that is usually connecting rod or main bearing failures which are caused by excessive wear.
- Thump: A sound that usually means there's a problem with the tires. To maximize tire life and safety, check tire condition and inflation pressure every three months or 3,000 miles, and have the tires rotated and balanced.

- Clang: Gears will make a "clanging" noise when there is excessive "lash" (movement generally describes as "play"). It's the kind of noise that accompanies one component being allowed to move because of excessive play and the abrupt halt it comes to when encountering the resistance of the part that didn't move when it was supposed to.
- Metallic ticking: Also often associated with excessive play in valve train components.

"These are just some of the many noises a vehicle makes when there's a problem, but whenever there's an unusual sound, it's a good idea to have the car looked at to ensure safety and reliability and to help prevent costly repairs down the road," said Rich White, executive director, Car Care Council.

Take Control of Your Vehicle's Safety

Like your car's brake system, the steering and suspension systems are key to your car's safety. Together, they largely determine your car's ride and handling. The Car Care Council recommends having your vehicle's steering and suspension systems checked regularly, at least once a year and usually with a wheel alignment.

"Over time, steering and suspension components wear out and require replacement," said Rich White, executive director, Car Care Council. "Regular checks are critical to the safety of your car."

Symptoms of steering and suspension wear:

- Pulling
- Uneven tire wear

- Noise and vibration while cornering
- Loss of control

Several factors that affect steering and suspension wear include driving habits, operating conditions, vehicle type and the frequency of regular maintenance such as chassis lubrication and wheel alignment.

Questions to ask a technician:

- Is there anything I can do to help the steering and suspension systems on my car last longer?
- How does the work being performed eliminate the symptoms my car exhibited or my complaint?
- Are there any related services my car needs while this service is being performed?

Saunemin United Methodist Church Celebrates 150 Years

Saunemin United Methodist Church celebrated its 150th anniversary with a day of special services and music Sunday, October 11.

Rev. Dr. Keith Zimmerman, Vermillion River District superintendent, led the morning service attended by 150 current and former church members and guests. His message, entitled "Passages," spoke of the different events and milestones in people's lives and the history of the church.

Following dinner served by the church at the Saunemin Community Building, an afternoon "Service of Celebration and Remembrance" was held. Three former Saunemin pastors, Rev. David Mixon (1973-1977), Rev. C.

Raydean Davis (1977-1983) and Rev. Pinckney Love Jr. (2003-2008), spoke during the service. Each recalled events that happened during their time at Saunemin United Methodist Church, and they challenged the membership to look to the future.

Also during the afternoon service, "Sonshine," a local vocal quartet, performed several selections. The group members, Jim Morse, Ed Rich, Bob Spafford and Jim Fulton, formed the group when all were members at Saunemin UMC. Jim and Katie Fulton also performed a duet for the service.

The events closed with a time of fellowship and refreshments.

CURRENT AND FORMER PASTORS of Saunemin United Methodist Church were present at the church's 150th anniversary celebration October 11. Pictured left to right are Rev. Dr. Keith Zimmerman, Vermillion River District superintendent; Rev. David Mixon, Saunemin pastor 1973-1977; Rev. C. Raydean Davis, Saunemin pastor 1977-1983; Rev. Jane Bradford, current Saunemin associate pastor; Rev. Pinckney Love Jr., Saunemin pastor 2003-2008; and Rev. Dr. David Phillips, current Saunemin pastor.

Mazon-Verona United Methodist Men Meet Oct. 12

The Monday, October 12, meeting of the Mazon-Verona United Methodist Men was called to order at 5:56 p.m. by President Jim McCormack with an opening prayer by Pastor Mark Amenda. Other members in attendance were Historian Les Boling, Ken Bunker, Dick Ely, Jerry Hacker, Secretary Randy Lowery, Treasurer Forrest McCormack and Joe Swithin.

Lowery read the minutes from the last meeting. Treasurer McCormack presented the monthly treasurer's report with an income of \$92 from the ongoing recycling fund-raiser and no expenses. Both reports were approved as read.

In old business, Treasurer McCormack reported that due to lack of sales, the last weekend of apple pie making dates - Sunday and Monday, October 18 and 19 - have been canceled. The M-VUMM are grateful to all

who have given their time, energy and support to this yearly fund-raiser.

In new business, Ely moved that the yearly charter fee be paid for both 2010 and 2011 to the General Commission on United Methodist Men. The regular fee is \$85 per year; however, the cost of paying both years in advance is \$150, resulting in a \$20 savings. The motion carried.

Pastor Amenda expressed his thanks to all who sent him cards and made phone calls and personal visits to him during his recent medical leave.

For a devotional, Pastor Amenda read scripture from the book of Matthew, chapter 6, verses 25 through 34.

The next meeting of the M-VUMM will be held at 6 p.m. on Monday, November 9, at the Mazon United Methodist Church.

The meeting was adjourned at 6:17 p.m.

WeCare of Grundy County Thankful for Donation

Many people offered freezers or offered to purchase freezers to replace the one that stopped working at WeCare. Kurt and Sue Lynn Melocik of Mazon were able to not only donate a replacement chest freezer and deliver it to the door, but they also removed the old one. Charlie Seargent and Kyle Wolf, both of Morris, helped in the delivery and removal

of the freezers. It is always heartwarming when WeCare of Grundy County has a need like this--we get an overwhelming number of responses to fill it. Grundy County is full of caring, kind and generous folks. Denise Gaska Executive Director WeCare of Grundy County

Flynn Eich American Legion and Auxiliary Meet Oct. 1

The Flynn Eich Legion Post #451 and the Woman's Auxiliary met October 1 at Pour Richard's in Odell. Fifteen members from both organizations were present to enjoy a family-style chicken dinner. Clarence and Louise Masching were host and hostess. Marcia Drach, president, called the meeting to order at 7:05 p.m. Roll call was taken, showing seven members of the auxiliary present. The minutes of September's meeting were read by Louise Masching, and Marie Bunting gave the treasurer's report. It was also reported that the auxiliary met its goal of having all dues paid by the target date of September 30. In going through the departmental packet of information for October, it was decided to give a donation to the 6-point program of which the money is broken out into six categories: treasure chest, canteen bank, fresh fruit, Christmas gift shop, Easter gift and the nursing home. The group also made a motion to donate to four other categories known as festive house, spring rehab, postage stamp fund and gifts for yanks. There are presently 14 veterans, 12 men and two ladies, in the nursing home in Dwight. The final decision was made as to what the gift will be to take to the veterans for Veterans Day and also for Christmas. The gifts will be

brought to the November meeting. Also on the agenda for the evening was a collection of various snack items and toiletries that were to be brought in and distributed to servicemen and women serving in either Iraq or Afghanistan. Those items were collected, and Marie Bunting will be in charge of distributing them. Also, pictures of the servicemen and women who are members of Flynn Eich Legion Post #451 were to be brought in, and a scrapbook will be kept by the auxiliary. Anyone who is a member of post #451, whether he or she attends the meetings, needs to submit a picture of when he or she was in the service, along with the dates of service to Marcia Drach by December 1. A motion was made to adjourn the meeting, and euchre was played by both organizations. Marie Bunting won women's high, and Marcia Drach won low. Lee Bunting won men's high and John Eggenberger was low. Mae Dornbierer won the door prize. Joe and Betty Kelly and Marvella and Elmer Kohrt will be the hosts for the next meeting at 6 p.m. on November 5 at Pour Richard's. Elmer Kohrt will speak to the Legion and auxiliary about the "Honor Flight" he took earlier in the year.

Dwight Historical Society to Decorate for Christmas

The club celebrated its 75th anniversary of federation with a catered dinner served by hostesses Kay Thompson and Helen McDowell. For dessert, there was a decorated anniversary cake.

The history of the Saunemin Woman's Club was read by Elaine Young. This manuscript has been compiled by Cheryl O'Donnell and Patricia Frantz and covers activities of the club for the past 75 years.

Several past presidents were in attendance, and the three 50-year members, Mary Fulton, Donna George and Patricia Frantz, were all present. Letha Poshard, the 17th District co-president, presented 25-year membership cards to Helen McDowell, Bessie Rich, Kay Thompson, Sue Rich, Elaine Young, Helen Spafford and Jean Quigley.

The business meeting was called to order by President Helen Brown with a welcome to members and guests and a

thank-you to the hostesses. The pledge to the flag was given. The treasurer reported a nice profit from the Saunemin Day Celebration in August. A soup supper is planned for the evening of the Saunemin Christmas and Community Cantata on December 6.

This year, Saunemin Woman's Club and Woman's Club of Cullom are sharing a scholarship for the GFWC Illinois Federation Art School held at Eastern Illinois University in the summer of 2010.

Announcements of upcoming dates were made. The 17th District Board Meeting was October 24 in Normal. The 2010 Illinois State Convention will be May 20 through 22 in Bloomington.

The next meeting of Saunemin Woman's Club is Monday, November 2, at 7 p.m. in the Community Building. Helen Brown will have the program on "Food Preservation and Safety." Anyone wishing to join the woman's club may still do so for this year. Contact any of the members for information, or call Elaine at 815-934-5428.

Week 6 Paper Bowl VIII

Morris' Zackary Landers has captured the latest Sponsor Gift Certificate with an impressive 12-2 score. There were several upsets in the NFL on week six. Most our swamis were fooled. In fact, only 22% of all entries were 9-5 or better. Just when you think you have this game figured out, Oakland wins. That's the way this ball bounces. Nice job, Mr. Landers.

One hundred and five entries were collected in week six. Four entries were 11-3. They included Dwight's Andrew German, Lee Dixon and Bob Gram; and Reddick's Joe "Blue Birdman" Forneris. Seven entries were 10-4. They were Dwight's Alisha Pierce, Donna Hoegger and Jane Dixon; Braceville's Tim Humbert; Emington's Casey Wyllie; Odell's Harold Schook; and Herscher's Gerald Schneider. Eleven entries were 9-5; 36 entries were 8-6 and the remaining entries were .500 or below.

We must say at this time that normally our 10-4 entries are not identified, but again, it was one of those weeks. Considering all the upsets and the fact that we need material for this article,

we decided to name our 10-4s. We would like to encourage all our Paper Bowlers to please get better. We know you will.

You can enter three times this week. Our drop locations are Bank of Dwight, Streator Onized Credit Union and Old World Liquors. You can't win if you don't get in, and usually you can't get mentioned in this article if you finish worse than 11-3. Ah, come

Zackary Landers

on, 10-4s, it's all in good fun. Play well. Enter often. Win much!

Operation Safe ID Offered to DGS Students Oct. 29 and 30

The Dwight Police Department Officer Friendly Program, in conjunction with Dwight Grade School and Dwight Grade School PTO, is offering a program called Operation Safe ID, which allows each student to have his or her fingerprints, along with a photograph and other pertinent information, all in one place. Although the Dwight Police Department hopes to never have a situation where this information is needed, it is important to offer this program.

All DGS students who participated in fall school pictures should have

received a form with Operation Safe ID in that packet.

Officers from the Dwight Police Department will be in the cafeteria during parent-teacher conferences to fingerprint children. You must bring the Operation Safe ID form with you when you come to parent-teacher conferences.

If you have any questions, contact Detective Gary Beier at the Dwight Police Department at 815-594-3132 or beierg@dwight.k12.il.us

Parent-teacher conferences are on Thursday and Friday, October 29 and 30.

REPRESENTATIVE SHANE CULTRA was at Tri-Point High School, Cullom, on October 21 as part of the Illinois Principals Association's "Principal for a Day" program. Cultra spent the day observing the chemistry II and foods and nutrition classes and spoke to the government class about voting and his position in Springfield. TEENAGERS FROM "TEAM LIZ" participated in the JDRF Ron Santo Lakefront Walk for a Cure on Sunday, October 4, in Chicago. Thanks to donations from family, friends, neighbors and co-workers, Team Liz donated more than \$1,300 to the Juvenile Diabetes Research Foundation. Reed-Custer primary and intermediate schools also helped by participating in a Denim for Diabetes Day, and The Garage donated contributions from its collection jar. Team Liz is in honor of Liz Jepsen of Reddick, a Herscher High School student who also works at The Garage.

Early Learning Screening for Grundy County Children

The Grundy County Early Learning Screening team, which serves all school districts in Grundy County, will conduct an early learning screening at Walnut Trails Elementary School, Shorewood, on November 7. The screening is for three-, four- and five-year-olds.

The instrument used, DIAL R, has been developed by the Office of Superintendent of Public Instruction and is designed for surveying gross motor, fine motor, concept formation and communication skills. The purpose of the screening is to identify problems early so that intervention and remediation of any problems will help the child adjust to the educational system. Delays in speech and language, academics, behavioral or social adjustments are typical problems that need remediation.

Any child to be screened must have an appointment, which can be made by calling 815-942-5780. Children from all school districts in Grundy County are welcome to participate.

Follow Halloween Safety Tips

Grundy County Sheriff Terry Marketti issued the following safety tips to help make this Halloween a safe and enjoyable one:

- Wear light-colored clothing that's short enough to prevent tripping, and add reflective tape to the sides, front and back of the costume.
- Make sure children can see well through face masks, or use cosmetics to create fun or scary faces.
- Adults should accompany young children.
- Go out in daylight hours, or make sure you carry a flashlight.
- Stay within the neighborhood and only visit homes you know.
- Watch for traffic.
- Only give and accept wrapped or packaged candy.
- Examine all candy before allowing children to eat it.
- Keep costumed children away from pets. The pet may not recognize the child and become frightened.
- Avoid hard plastic or wood props, such as daggers or swords. Substitute with foam rubber, which is soft and flexible.

Sheriff Marketti said if people find any candy that is suspected of being tampered with, they should contact their local police department. The Grundy County Sheriff's Department has a candy hotline number provided by the National Confectioners Association.

Marketti said he has assigned additional deputies to work Halloween to provide a safe Halloween for children and to prevent the destruction of property.

Monday evening, everyone attended the Illinois Party at the Louisville Post for supper, entertainment and visiting.

Tuesday, the group heard about the upcoming candidates for election. They

were: National President Rita Navarreti, NM; National Vice President Carlene Ashworth, TX; Chaplain Beverly Wolf, ND; Historian Joyce Arent, AZ, and Central Division National Vice President Norma Swanson. Those in attendance voted on resolutions and amendments to the constitution and by-laws both Tuesday and Wednesday. The elections of the national officers was held Wednesday. It was voted down to raise the national dues \$2. Miriam Junge, national secretary for many years, was made honorary past national president.

Ehlers and Fagan attended the Woman of the Year Luncheon honoring Lori Stevens of Patriot PAWS Tuesday afternoon.

Wednesday evening, the States Dinner was held at the Convention Center with seven of the Cullom group attending.

MAKING SENSE OF INVESTING

FINANCIAL FOCUS

Avoid These Scary Investment Moves

It's Halloween time again, so you'll probably be seeing a lot of ghosts, goblins, witches and werewolves. While you may find these sightings more amusing than fear-inducing, you don't have to look far to find things that really are frightening — such as scary investment moves.

Fortunately, by recognizing these sinister steps, you can help avoid them. Here are a few to consider:

- **Scary Move No. 1:** Trying to "time" the market — If you always knew when to "buy low and sell high," you'd be a tremendously successful investor. Unfortunately, no one can accurately predict highs and lows — and if you try to jump in and out of investments in response to speculation about where the market is heading, you could end up missing good opportunities. You're typically better off by staying invested and investing based on your individual risk tolerance, time horizon and need for diversification. (Keep in mind, though, that diversification, by itself, cannot guarantee a profit or protect against a loss.)
- **Scary Move No. 2:** Chasing after "hot" tips — You can get "hot" investment tips from anybody — your neighbor, your brother-in-law or even that guy you always see at the bus stop. But while these tips may be well intentioned, they may be flawed, f or a couple of reasons. First, if an investment really was "hot," by the time you hear about it and get around to purchasing it, it may already be cooling off. But more importantly, it might not be suitable for your individual needs. Look for investments that you understand and that can help you meet your goals.
- **Scary Move No. 3:** Investing too aggressively — or too conservatively. If you invest too aggressively, you could be taking unnecessary chances. On the other hand, if you invest too conservatively, you may never achieve your long-term objectives. Try to find a mix of investments that fits your individual risk tolerance.
- **Scary Move No. 4:** Leaving your portfolio "unbalanced" — Over time, your individual situation will change, as will the fundamentals of some of the investments you own. That's why it's important that you regularly rebalance your portfolio, possibly with the help of an experienced financial professional.
- **Scary Move No. 5:** Failing to take advantage of investment opportunities — To help meet your goals, such as a comfortable retirement, it's important to take advantage of suitable investment opportunities. Contribute as much as you can afford to your 401(k) or other employer-sponsored retirement plan, as well as your IRA and other retirement accounts you may have. As an investor, your greatest ally is time, so the more years you invest — especially when you're investing in tax-advantaged accounts such as a 401(k) and an IRA — the greater your prospects for achieving your financial objectives.

You can't elude all the pitfalls that life may hold in store. But by avoiding these terrifying investment moves, you can help improve your prospects for long-term success — and that's not a scary thought at all.

Mammograms can save your life.

HAVE YOU HAD YOUR YEARLY MAMMOGRAM?

Breast cancer in its early stages often does not have any signs or symptoms. Therefore, it is crucial for women age 40 and older to have a mammogram screening every year.

Riverside Medical Center – West Campus in Coal City offers digital mammography Monday through Saturday starting at 7:30 a.m. Appointments can usually be made the same day. Most insurance plans accepted.

To make an appointment, call Riverside Outpatient Scheduling at (815) 935-7531 or (877) RIVER-03 toll-free.
