Dwight Correctional Center set for February closure

by Sara Peters

Employees at Dwight Correctional Center were notified last week that inmate transfers will begin in early February and the facility will be closed by the end of next month.

Inmates will be bussed to downstate Logan Correctional Center 100 per day until the maximum security women's facility is empty. Employees who have positions elsewhere in the state will report to their new jobs in early March.

It's a quicker timeline than AFSCME union members, who represent the majority of the facility's frontline employees, anticipated. Union leaders have also not been given formal notice, instead getting word from employees at the facility.

They had originally anticipated a March 31 closure date. "Officially, we have not heard any official word from (the department of corrections) so I'm bound not to make any comments on rumors, but I'm hearing the same things

you're hearing," said Joe Plugger, a staff representative for AFSCME Council 31.

The governor's office refuted the closure date in an email Friday.

"At this time, no definite date has been established for the closure of the Dwight Correctional Center. The Department of Corrections will work with the employees' union on those details once the plan has been finalized," said Patti Thompson, a spokeswoman for the governor.

However, many prison employees were given a detailed timeline of when the transfers in downstate Lincoln will begin in order to accommodate Dwight's 1,000 or so inmates. That timeline includes the Dwight transfers and a date for employees to report to their new jobs, if they are lucky enough to have one.

Employees at the Illinois Youth Center Joliet also recently received notice that their facility will close in February. The supermax facility in downstate Tamms has already

closed, with the majority of its inmates going to Pontiac.

Lawmakers, who have fought for the last year to keep the facilities open, have expressed extreme disappointment in the governor's decision.

"I have said it before and I'll say it again, I believe the closure of this and the other corrections facilities here in Illinois is a very bad move by the governor," said Sen. Gary Forby, whose district includes Tamms. "Now we have a system that is grossly oversaturated and we've added more than 100 safety risk inmates (to Pontiac). Although the Department of Corrections claims that the population can be safely and securely managed, I find that hard to believe given the violent history of these inmates. I fear that the governor may not realize how wrong this decision is until it is too late."

Saint James Hospital Limiting Visitors

Due to the presence of influenza in the area, OSF Saint James – John W. Albrecht Medical Center in Pontiac has started limiting visitors to several areas of the medical center until further notice.

- The public, if they are experiencing flu-like symptoms, is asked to not come to the facility to visit patients.

- Visitors under 18 will not be allowed in the inpatient units of Medical/ Surgical/Skilled, Intensive Care, the Family Birthing Center, or in the Ambulatory Care Unit (outpatient surgery) without permission of the staff.

- A limit of two visitors per patient at any one time will be enforced.

- Visitors showing symptoms of respiratory illness – fever, cough, sore throat – will be asked to wear a mask and may not be allowed to visit a patient.

Patients coming into the building for tests or treatment, those who have appointments at physician offices within OSF Saint James, or those who are coming to the Emergency Department or OSF PromptCare, will be able to access the building and those areas as they do now.

Masks and hand cleaner are available at all entrances and everyone is strongly encouraged to use them before entering with flu-like symptoms.

DGS Pilots 'Breakfast in a Bag' Program Safety Improvements Underway

by Madelyn Fogarty
madelynfogarty@yahoo.com

A pilot program is currently taking place at Dwight Grade School to increase the accessibility of a nutritious breakfast for all students with the goal being to ensure every student has a good, healthy start to the school day.

Dwight Grade School's Breakfast in a Bag program began on January 14 and will run for three weeks. The program is designed to benefit children both nutritionally and academically as research indicates a correlation between eating breakfast and improved student readiness, academic achievements, and health.

"We ensure that kids get breakfast during the five days of ISAT testing," Superintendent Dr. Richard Jancek told school board members during its January 9 meeting. "The question then becomes, if it is important during testing, why is it not important the other 175 days of the school year?"

The program is available, but voluntary, for all Dwight Grade School and Junior High students, Pre-K – 8. During the pilot program, a cold breakfast that meets Federal nutrition requirements will be offered and delivered to the classroom at the start of each day. Tickets must be purchased for a week at a time at a cost of \$1.75 per day. Students who qualify for reduced lunch will be charged .30 cents per day while students who qualify for free lunch will automatically be given the option for breakfast. The program is not included in the Pre-K Grant; Pre-K students who participate will be charged for breakfast.

Approximately 560 Pre-K – 8 students attend DGS. Prior to the pilot breakfast program, approximately 60 students took advantage of eating breakfast offered by the school. During week one of the pilot in-classroom breakfast program, 191 breakfasts were prepared.

"Ultimately, this pilot initiative is to create the accessibility of breakfast for students," Dr. Jancek told *The Paper*. "It is based on making sure kids get good nutrition. The program is not financially motivated."

Following the pilot initiative which runs through February 1, school administrators will evaluate the program and

determine if the program will continue or if adjustments need to be made.

In other business at the January 9 board session, school security along with improved safe passages to school were topics of discussion. Board members were made aware that anti-intruder door handles and locks have now been installed on all classroom doors. The new door handle devices were paid for by a matching maintenance grant along with district funds. The board was also advised that the new electronic access control system for the front entrance of the school will be installed in the coming weeks.

Final proposed Safe Route to School plans were also discussed. Dwight's village engineer has been working with school administrators to develop improved sidewalk accessibility. Included in the plans, which will take shape this summer, are sidewalks from Washington street along the school's circle drive; a sidewalk along the east side of Columbia street; an official crosswalk on the southeast side of the school; paving of the gravel path that runs between DGS and DTHS with a sidewalk path along the DTHS west side parking area fence; and a sidewalk connecting DTHS and the south subdivision at Wilma Street. Project funding is through a Safe Route to School grant.

In the financial report, the board learned that the State currently owes the District \$329,971.29. Dr. Jancek advised the board that while the majority of revenues have been collected at this point, expenditures continue. Jancek cautioned the board that the District needs to be careful with preserving its approximate \$800,000 of Working Cash so as to have a cushion to absorb missing State monies.

The board also:

- approved the 2012-13 Seniority List.
- affirmed a contract extension through June for Kris Cornale, Board Treasurer.
- heard a status update on recommendations being developed by the awards/recognition committee to honor student achievements.

The next meeting of the DGS Board of Education will be Wednesday, February 13, 7 p.m. in the school's library. Regular board sessions are open to the public.

Hello Delaware? We missed you Alaska? Anybody from Utah out there?

The Village of Dwight is reporting that over 5,650 people registered at the Ambler-Becker Texaco Welcome Center in 2012. And that is just people who took the time to sign the book. “Only a portion of visitors actually sign in, especially when there is a bus load or a group”, stated Village Administrator Kevin McNamara. “I’d estimate the total number of visitors at the Texaco station to be over 7,500.”

Visitors from forty-five states logged in last year. Along with Delaware, Alaska and Utah, no one from Montana or Rhode Island signed the guest book.

2012 also saw visitors from 53 different countries, from six of the seven continents, only missing Antarctica. From Brazil to Korea, Zimbabwe to Slovakia, Australia to Morocco visitors traveled through Dwight on America’s byway, Historic Illinois Route 66, and shared the excitement of their travels. “Loving it” commented Danielle from Scotland; “Great Place”, wrote Steve from New Zealand; “Awesome” stated Jesus from Spain. “Over 100 volunteers donated over 1,000 hours to staff the station and welcome visitors to Dwight”, stated McNamara. “We had people from eight years to eighty-eight years old volunteering at the station and we couldn’t do it without them. They put a friendly face to our Village and put a smile on our visitors’ faces.”

CENTRUE BANK EMPLOYEES FROM DWIGHT and Streator recently held fundraisers to support Leader Dogs for the Blind. A total of \$576.87 was raised by an “Employee Jean Day” and a bake sale. Pictured above are Kim Diss, left, and Linda Olsen, right, of Centru Bank in Dwight, presenting the donation to Gary Helsing, with his guide dog, Hoosier.

MAKING SENSE OF INVESTING

FINANCIAL FOCUS

Investing is a Marathon --
Not a Sprint

Investors sometimes may get frustrated with their investments because those investments don't seem to produce quick results. Perhaps that's understandable in our fast-paced society, in which we've grown accustomed to instant gratification. But investing is, by nature, a long-term activity. If you look at it in terms of an athletic event, it's not a sprint, in which you must pull out all the stops to quickly get where you're going. Instead, it's more like the 26.2-mile race known as a marathon.

And as an investor, you can learn a few things from marathoners, such as:

- Preparation — No one gets up one day and is ready to run a marathon. Marathon runners train for months, and even years. As an investor, you, too, need to prepare yourself for the “long run.” How? By learning as much as you can about different asset classes, types of risk and all the other factors associated with investing.
- Patience — Marathoners know they have a long haul in front of them, so they typically create a “game plan” — one that takes into account such factors as their physical condition, the weather on race day and the characteristics of the course, such as whether it's hilly or flat. Investors should also create a strategy — one that encompasses their goals and ways of working toward them — and stick to this strategy.
- Perseverance — Marathoners may deal with injuries, dehydration and other setbacks, either while training or during the actual race. But as long as they're able to keep going, they do so. As an investor, you too will face obstacles, such as market downturns. But as long as you continue investing and don't head to the “sidelines,” you have a good chance of making progress toward your goals.
- Vision — Marathoners study the course they're on, so they know what's ahead — and where they're going. As an investor, you also need a vision of what lies in front of you — the number of years until your retirement, the type of retirement lifestyle you anticipate, what sort of legacy you plan to leave, and so on. Your vision will help drive your investment decisions.
- Proper coaching — Not all marathoners have individual coaches, but many have at least gone to clinics or joined running clubs so they could learn more about the various aspects of this grueling event. As an investor, you can certainly benefit from guidance or “coaching” in the form of a financial professional — someone who knows your individual needs, goals and risk tolerance, and who has the experience to make recommendations that are appropriate for your situation.

Every marathoner is familiar with the difficulties of the challenge and the satisfaction of finishing the race. As an investor, you also will be tested many times. Furthermore, you'll never really cross the “finish line” because you'll always have goals toward which you'll be working. Yet, by emulating the traits of successful marathoners, you can continue working toward your objectives — and perhaps you'll avoid the blisters, too.

KRUZIN' WITH THE BILECKIS

Keeping the Faith

by Marty and Geri Bilecki

The year 2012 was truly one we will always remember. Keeping the faith is what we had to do after several personal tragedies. The man above said - don't give up - and we didn't!!! Our last stop of "Kruzin" took us to Litchfield, IL - The Ariston - where the motto "Keep the Faith" is posted prominently. Leave it to a route 66 business to give us more courage!!!

The route 66 International Festival in Victorville, CA from August 9th thru the 12th was outstanding. Our hosts, California Route 66 Assoc., The Route 66 Federation, the Route 66 Museum and a cast of thousands from everywhere made it the success that it was. We flew out from Chicago and met up with Eva and Zdenek Jurasek (Czech Route 66 Assoc). Zdenek was the designated driver and, of course, we traveled "66" from L.A. to Victorville - having lunch at the "Summit". All of the events planned by these groups were of top caliber. In Barstow we went to the Drive-In movie theater. Zdenek and Eva had never been to an American Drive-In theater before. Lots of pictures going back to the Czech Republic. Great job, organizers!!

Another cluster of escorting groups down Route 66 from Joliet to Springfield was in order. This is so much fun - introducing new people all the time to the road.

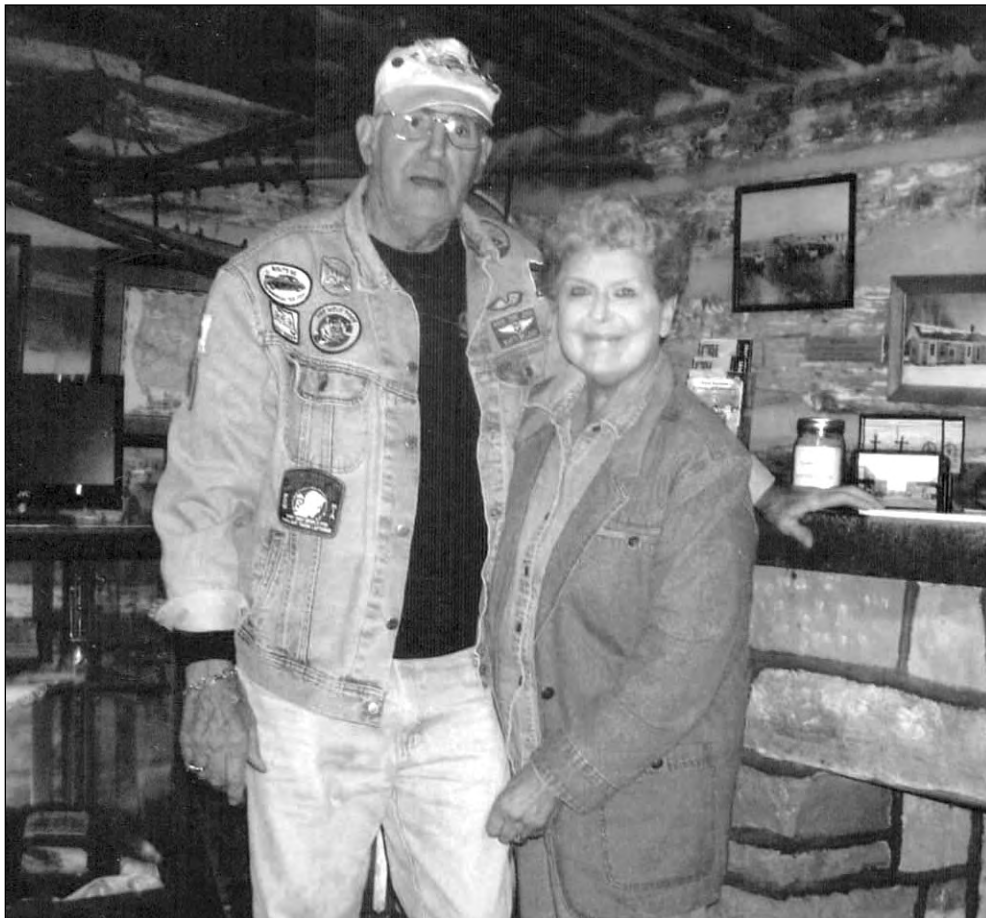

On September 10 we were invited to Countryside, IL, on Route 66, to the Best Western/Holiday Inn (William Tell Restaurant) by our friend Scott McCauley. The first ever 9-11 Memorial event was held there along with a Route 66 car show. Our hosts were Julie and Joe Lenoch. They plan on having weekly Route 66 car shows and cruise nights on the Mother Road all summer long. Welcome to the Route "66" roadies group!!! Our overnight was at the LaGrange Motel just off "66" - great!

The beginning of October found us again heading for the West Coast to a wedding in Carmel, CA. A decision was made to take our "Blue 57" and drive a 5,081 loop taking route 30 (and 80) heading west and come back on route 66 from the pier. The wedding of Chris and Denise White was a lifetime event for us - right on the ocean at sunset - we decided we would attend. Going thru the states of Iowa, Nebraska, Wyoming, Nevada and Utah to northern California was a new thrill for us. Some of the outstanding sites for us on this route were the "Pony Express Station" in Gothenburg, NB. The Pony Express ran from only 1860 to 1861. It ran from St. Joseph, Mo. (route 66) to Sacramento, CA. Also, driving through the Great Salt Flats in Utah - passing the Bonneville Salt flats. Looks like snow everywhere!! Before we headed for Santa Monica we visited Marty's Army base at Ft. Ord. Still there but scaled down!!! Daughter, Mary Ellen, joined us and we drove the 17 mile Pacific Coast drive and Route 1 through Big Sur!! We "white knuckled" it through this drive. Route 101 (El Camino Real) took us to L.A. and eventually the pier. What a brilliant idea having the "End of the Route" sign up. While eating our hot dogs we saw probably someone take a picture there every 30 seconds!! Thanks Dan Rice for following through on this idea. Santa Ana is a little off route on the way back but, a regular stop for us is to Danchuk. This company has supplied us with parts for our two "57's for as long as we have had them. What great people there, they were delighted to see us!!!

Our journey eventually put us back on the Mother Road - first big stop - San Bernardino - the McDonald's Museum - Albert Okura and Danny Castro - what good old friends!! Back to Victorville again - Hi Museum ladies (and men). In Needles, lo

and behold, here was Jane Dippel from Missouri and her traveling companions. Lunch was at the Wagon Wheel with this group. In Seligman, of course, Angel greeted us with open arms - lunch was homemade soup at Lilos. In Gallup, NM we awoke to the sounds of KYVA radio. Marty, as usual, had to call the radio station and tell them about our journey. We were invited to stop by the station (on Route 66) and went on the air to give a little plug about traveling Route 66. What fun we had with Sammy C. In Tucumcari visited with the owners of the Safari Motel (future site of Museum). Breakfast with Croc and Cheryl in Amarillo and visited Croc's new gallery on 6th st. We certainly wish him well. Another overnight in Baxter Springs, KS where we were joined by Dean Walker (who greets all who travel "66"). Gary Turner at the Gay Parita has a new addition, a 1950 Nash Police vehicle awaiting restoration. As usual, he is the perfect host.

A little off "66" - down to Branson - for veteran's week and a much needed rest. Branson does this so well. Seeing vets from all over the country and all of the wars is inspirational to us. Met some Illinois Route 66'ers there. Duke Cartwright and his wife. Also people from our home town of Morris, IL. This never ceases to amaze us!! Left a day or so early because of a bad weather front moving in. Back on 66 through Missouri and finally in Illinois after being on

the road for 40 days!!! Following our usual schedule we stayed our last overnight in Litchfield and did our traditional dinner at the Ariston. Open arms welcomed us. This is where we saw the sign posted with the words "Keep the Faith". A new museum is in the making in Litchfield - they've made a great start.

We sincerely hope that all who are contemplating a trip down the "Mother Road" do so. If we can do this traveling in our seasoned years, anyone can. It's worth the challenge, especially, in a time of personal crisis (which we certainly had this year). We had 5,081 miles of fun, pleasure and relaxation on our 40 day trip - not bad for two seasoned people and an old "Made in the U.S.A." Chevy Bel Air. As our beloved son, Marty, Jr., would have said - "It's all Good" and we say "Keep Kruzin" - "If you don't Go - you won't know". Till next time

P.S. See you in Joplin this August!!!!

‘4-H for Beginners’ Workshop Planned for New 4-H Members

First year 4-H members and their parents are invited to attend 4-H for Beginners, a workshop geared to help new 4-H members and their parents learn about the 4-H program. The workshop will be held on Thursday, February 7, from 6:30-8:00 p.m. at the Livingston County Extension Office. Girls and boys who were at least eight years old on September 1, 2012, or in the third grade and interested in finding out about the 4-H program are also welcome to attend with their parents.

While the 4-H program has changed and expanded in many ways, the 4-H community club has provided the most dramatic impact on youth’s lives. Youth have the opportunity to participate in one of the 4-H community clubs located throughout Livingston County, developing the skills they need to succeed both today and in the future. Besides the over 200 different projects that youth can enroll in, clubs plan field trips, community

projects, and fun outings during the year.

Beyond the club level, 4-H members can take part in workshops related to project areas, participate in leadership conferences, or attend 4-H camp.

The 4-H year began on September 1; however, youth ages eight to 18 are invited to join 4-H at any time throughout the year. In order for a member to exhibit at the Livingston County

4-H Show, they must be enrolled by the March 15 deadline.

5 Minutes with Boma

I'm back at school.

I'm back at school, and I almost got lost again. Luckily this time I didn't; I made it to a class about a minute before it started. Good thing I didn't have a teacher who was one of those who for whatever reason think that if you're on time you're late, and you need to be there 15 minutes before said time to be considered on time. I've never understood that. I was home for about a month and while I was home I got a couple gifts and letters saying how they like reading what you're reading right now. Well, maybe not this one specifically, but they like reading these every week. It all started as a rant about how we shouldn't switch conferences, even though we are now anyway. I feel the reasons are better than just for the fact that we're too small a school to compete, because enrollment is going to fall off the table big time. Then there are some people who probably wish I would just quit writing these altogether but that's ok too. Maybe someday I will. I just wanted to say "thanks" to anyone who has ever told me they enjoy reading my articles. It's cool to send something out to roughly 30,000 people each week. If you're wondering the math there, it's (10,000 houses x an average of 3 people per household, giving a rough estimate of 30,000.) It's even cooler to have people enjoy some thoughts that were floating along through my head that I put into word form. That's pretty much it for this week. Now that I'm back in the swing of school and all, we'll see what might develop next week.

GSW TIGERS BASKETBALL TEAM

Tuesday, January 8
GSW vs. Elwood
The GSW Tigers 8th grade team defeated Elwood 43-33. Austin Kavanaugh led the team in scoring with 20 points. Walker Eutsey added 12, Mikey Wise added six, and Junior Schultz added five.

Thursday, January 10
GSW vs. Dwight
In the 8th grade IVC championship game, GSW defeated Dwight in overtime 56-51. Coach Chris Christensen had this to say about the game.
“Up by nine going into the 4th quarter, Dwight hit some threes to get back in it and tied the game with a lay-up with .07 left in regulation to send it into overtime.

GSW went on an 8-2 run to start the OT with two layups and two free-throws from Austin Kavanaugh and a good finish by Junior Schultz opposite big man Walker Eutsey. Kavanaugh was unbelievable tonight, even while being box and 1-ed, he still managed to score 24. Mikey Wise did a great job of denying their leading scorer and held him to six points in the game. Braden Marks’ frustrating defense forced a bunch of turnovers in Dwight’s back-court. Our big men game of Eutsey, Schultz, and Walsh played outstanding while being undersized compared to Dwight. This is the 2nd year in a row this team has won IVC. GSW’s 8th grade record is now 11-2.

Noah Builds a Winning Ark

Paper Bowl XI - Week 18

First time Paper Bowl swami Noah Perry from Morris, IL broke into the winners circle after filling out a Paper Bowl form for the first time ever. Noah's accomplishment may leave some other swamis feeling a bit jealous after all the circling and filling out entry forms they have done this year and past. But this win should give all wanna-be swamis proof that all you need to do is get in. We keep telling you that you can't win if you don't get in. Noah had never before gotten in to our game before last week, and now he is \$100 richer. Ya see, folks. It's just that easy.

One hundred and thirty-seven entries were tallied in week eighteen. Noah tied Wilmington's Chirstin Dormork with 12-2 records. The tiebreaker for week eighteen was 137. Noah guessed 195 (+58) to secure his victory while Dormork guessed 200 (+63). Dwight's Lauren Gliwa was the only swami to finish with an 11-3 record. Twelve entries were 10-4; 15 finished 9-5; 30 were 8-6 and the remaining entries were .500 or below.
