Video gaming was also discussed with the committee recommending allowing gaming establishments to increase from five terminals to six following a recent change to Illinois Legislation allowing up to six terminals. Mayor Jared Anderson provided an update on the repayment status of an outstanding loan by the Village to Dwight Restaurant Group. In May 10, 2010, the Dwight Vil-

lage Board approved a \$75,000 loan request from Dwight Restaurant Group at an interest rate of three percent over five and one-half years using money from the Village's Revolving Loan Fund. The fivevear loan was effective January 2011. The Revolving Loan Fund was established many years ago offering an under market interest rate loan option to businesses for the purpose of low to moderate income job creation. Dwight Restaurant Group's Bill Ohlendorf, owner of The Country Mansion Restaurant, earmarked the loan money for renovations that subsequently took place on the front porch of the historic building creating a patio for use as an outside dining area. In December of 2017, the Country Mansion announced its immediate closure. In January 2018,

with \$43,000 still owed, the board agreed to extend the contract to Feb. 1, 2019, to allow for the sale of the property. It was noted that payments totaling \$11,800 have been made since February as scheduled. Per an agreement made in January, a balloon payment of \$31,419.68 for the balance was due October 1. That payment has not been received. Mr. Ohlendorf has been contacted and the village is awaiting a response.

The board also approved: • payment of bills totaling

 Opperman pay request #2 in the amount of \$116,755.85 for Northbrook Drive road maintenance.

• sending a side yard variance request for the purpose of an accessory building at 305 E William Street to the Zoning

The next meeting of the Dwight Village Board will be Monday, October 28, at 6:30 p.m. in the Public Services Complex.

Gardner Village Board Meets The Gardner Village Board ities. Commissioner Dick Hile-

met in regular session October

After paying the bills and approving the minutes and treasurer's report, the board heard a request from Laurie Hibler to expand the liquor license at Cici & Lala's to allow sale of wine by the glass. The business currently has a license to allow wine tasting, limited to two ounces, and the sale of bottled wine. Considering the cost and process involved in making a change to the current license, Mayor Mike Serena asked Hibler if she would be interested in exchanging the current license for a Class A (full) license. The cost of the license is the same, with the village saving the cost of legal fees to draft a new or revised license. Hibler was agreeable and the board will explore the legality of making the change and respond accordingly.

Hibler asked the board for thoughts on holding an allclass class reunion in late summer or early fall of 2020. She and leaves cannot be burned and others are exploring options for locations and possibil-

man expressed concerns regarding liability. The board will explore the issue for further discussion.

Hileman reported the heads are leaking on the heads of the generator at the water plant and they are exploring repair op-

Commissioner Erik Smith reported he has gotten several calls about adding gravel to alleys and asked for direction.

Mayor Serena responded the practice has been to fill potholes only, rather than provide full maintenance. Hileman noted some of the alleys sit so high they drive water into garages and the village has not been providing maintenance for alleys. Serena commented the village has a box plate and scarifier for leveling the alleys.

The village clean-up garbage pick-up will be November 4. Mayor Serena reminded citizens to be mindful of neighbors if burning leaves, between 7:00 p.m. and 7:00

PNB Farm Manager Attends Agricultural Drone Use Seminar

Peoples National Bank of Kewanee Vice President and Farm Manager Randy Fransen recently attended a seminar sponsored by the University of Illinois Extension Service. This seminar was held in rural Sterling, Illinois and the subject was Agricultural Drones. Featured at this seminar was a large "Octocopter Drone," which had eight rotors and an ability to carry a spray payload and actually perform spray operations on agricultural fields.

"Although this technology is still very new, it was an interesting seminar for me to attend to stay on the front end of information concerning this comtechnology," Fransen. Also attending this seminar were: Mitch Fransen photographer and licensed drone pilot, and Matthew Boucher of Potential Ag.

Matthew is a Dwight area farmer who cooperates with the agricultural lending division of PNB in Dwight and is a friend of the Farm Management Department. Matthew is a licensed drone pilot and also sells various drone hardware in the Dwight area from his Potential Ag business, based from his farm, located approximately five miles west of Dwight. Both Mitch and Matthew are considered to be drone technology experts.

Aerial Influence, owned and operated by partners Michael Ferguson and David Plummer, from Elburn, Illinois, were presenters at this program. These two gentlemen cooperated with Ms. Mary Nelson, Whiteside County Ag/Natural Resources Program Coordinator with the University of Illinois Extension Agency, who organized the event. These two men sell hardware and software associated with drone aircraft and also provide training of various uses for drones. Currently, the

Randy Fransen

bulk of their business centers on providing equipment, software and drone use and training by local law enforcement personal. The infrared camera capabilities of these drones allows law enforcement personnel to locate suspects that may be out of view to the naked eye.

During the presentation, one of the drones was deployed and set to hover approximately 20 feet above a clover field. The camera on this drone made it easily possible to scout the field. The camera view from 20 feet in the air would allow for inspection of individual leaves on the clover or individual insects on plant leaves. The octocopter presentation involved basic information concerning this aircraft, constructed for use in spraying agricultural fields. This particular drone could spray a 15' wide spray swath and its payload is approxi-

mately 2.8-gallons of spray solution. Additionally, this octodrone has an copter approximate battery life of 10-12 minutes with a full payload. It was mentioned that, as soon as November of this year, a newer larger model of octocopter drone is scheduled for production that will have a 30' wide swath capability and a spray tank with an approximate 5-gallon capacity. This technology is evolving rapidly and many changes will occur as these machines are perfected for agricultural uses.

Drone development still has a long way to go to become practical for a modern day commercial farming operation, however, it will be very interesting to see what the future holds in terms of agricultural drone usage. Possible uses include: spraying fields tucked in close to residential areas or fields with multiple large electrical towers, smaller truck crop fields such as raspberry, pumpkin, or strawberry operations, or fields with wind turbine towers. These types of fields are often times impractical to treat with other larger implements and/or airplane sprayers. It will be interesting to see where and when this technology is put to use to increase the efficiency of food production in the Midwest and across the country.

Don't Change 401(k) Mix During Market Drops

We've seen some sudden and sizable drops in the financial markets in 2019. While market volatility is nothing new, the recent plunges happened during a period of general political and economic unease. Still, it can be harmful to overreact to such events – especially if it means making radical changes to your 401(k).

And yet, many people do just that. During market downturns, investors often move money from their 401(k)'s stock accounts into perceived safer accounts. This move may result in reduced volatility on your 401(k) statements, and if that's all you want, you might be satisfied. But you do need to realize the cost involved – specifically, fixed-income investments will not provide the same rate of return that equities (stocks) can. So, if you liquidate some of your equity holdings, you may slow the growth potential of your 401(k), which, could slow your progress toward your long-term financial goals. If you get rid of substantial amounts of your equities when their price is down, you won't be able to benefit from owning them when their value goes up

Here's the key issue: A 401(k) or similar employer-sponsored retirement plan is a long-term investment account, whereas moves made in reaction to market drops are designed to produce short-term results.

Of course, when the market is volatile, you may want to do something with your 401(k), but, in most cases, you're far better off by sticking with the investment mix that's appropriate for your goals, risk tolerance and time horizon. This doesn't mean you should never adjust your 40 l(k)'s portfolio. In fact, you may well want to make some changes under these circumstances:

If you are nearing retirement, you may need to prepare your 401(k) for future downturns. If you are within, say, five years of retirement, you may need to shift some, but certainly not all, of your assets from growthoriented vehicles to income-producing ones.

Your goals have changed - Even when you're many years away from retirement, you probably have an idea of what that lifestyle will look like. Expensive goals may require you to invest somewhat aggressively in your 401(k). But you could change your mind. If you were to scale back your plans – perhaps more volunteering, less traveling – you might be able to invest somewhat more conservatively in your 401(k), though you will always need a reasonable percentage of growth-oriented investments. By responding to factors such as these, rather than short-term market declines, you can get the most from

Illinois might soon claim another title, "The Biggest Abortion Provider in the Midwest," if the plan to lure abortion business from surrounding states is successful after the launching of the new Planned Parenthood abortion facility in Fairview Heights.

Gov. Pritzker calls the new facility "a beacon of hope" for those who wish to escape the more restrictive abortion rules in states around us.

I should disclose I am a strong pro-lifer -- I belong to Illinois Right to Life, contribute to organizations such as 40 Days for Life, Thomas More Society, Hope Pregnancy Center in Pontiac . . . I have spent time praying in front of the Planned Parenthood facility in Ottawa on several occasions.

Pro-life organizations have been redoubling their efforts to reduce the number of abortions (some 39,329 in 2017) in Illinois.

Planned Parenthood secretly constructed the Fairview Heights abortion facility, though many PP locations have been closing in recent years as the number of abortions has decreased.

by Tom Tock Meanwhile, the number of pregnancy health centers in

America, which assist mothers-to-be in many ways before and after a child's birth, continue to abound.

According to the Charlotte Lozier Institute there are 670 pro-life health care facilities for women in Illinois compared to PP's 17 abortion service facilities.

The steady decline in abortions (not necessarily in Illinois) is an indication, I believe, of a reaffirmation of an unborn child's right to life.

I was born in 1932 when the unemployment rate during the national depression was 24%. 24%! Those were tough times that we can only imagine. My folks already had a daughter. And then along came me.

Thanks, Mom and Dad. Carry on, world.

"What's happening in Illinois is unique in American history. While other states or territories have struggled with deeprooted poverty or changing circumstances, no other state has plunged from success to failure purely as a function of the manner in which it was governed. Illinois' failure as a state is a failure of its government."

NBA

By the time this comes out on Wednesday the first NBA games will have been played on Tuesday night.

I decided that seeing as I'm a very big fan of the NBA I'm going to give you 3 reasons to watch the NBA this year. They've been under some scrutiny for their handling of business with China so they're not without their faults, but nonetheless, here we

This is the most open the NBA has been since probably the 2010 season which was the year before the "Big 3" formed in Miami with Lebron James, Dwyane Wade, and Chris Bosh. There's no clear cut favorite as there has been in past years, and given that basketball is inherently the most predictable and least random sport, that's nice to start the season. But it's wide open this year. There are probably 6-8 teams that all have a legitimate chance to win the title this year.

The Chicago Bulls are going to be good competitive this year for the first time in about 3 years and it's about time. They have a very solid starting 5 of Satoransky, Lavine, Porter Jr., Markkanen, and Carter Jr. They're going to have a real chance at making the playoffs, and granted that's a low bar to clear, I think they might do it this year.

The style of play. Some people don't like what basketball has turned into, with all the 3 point shots, but I think it's ultimately created a better visual experience. Watching a game now is so much more free flowing and less bogged down than it was in the '90s and even into the mid 2000s. Are there still travels that don't get called? Sure, but that's just part of the fun!

I realized as I was writing this I could've done another 2-3 reasons, but I'll be back at points throughout the season to give some updates on the Bulls!

I am also very saddened to report that the Cardinals were swept in the NLCS by the Washington Nationals. I am just beside myself. :)

TRICK OR TROOPS

A trip to the dentist turns into a good

My name is Mia Franklin. I live in Dwight and am currently a 4th grader in Mrs. Vigna's class at Dwight Common School. About a month ago, my mom and I were on our way home from my braces check up, and I became aware that with Halloween coming soon, I was not going to be able to eat all the candy I would enjoy collecting. Halloween is one of my favorite holidays. I love thinking about what I will dress up in and all the fun I have with my friends and family going trick or treating.

We started thinking about a way to turn this into something positive, and I came up with giving what I can't have to our local Operation S.O.S. to send out to our troops. I have two grandfathers who served in Vietnam and South America, and an uncle who served in Afghanistan. My nana told me about how she would send care packages for my uncle, and how grateful and excited the soldiers would be to receive these boxes. So I came up with "Treats for Troops" and "Trick or Troops" with the thought that I could still have fun and enjoy a few treats, but also give back to people that do so much for us. I also thought why not see if others are willing to help me.

My hope is that all Halloween participants will want to share a bit of their candy, whether it be something they can't eat, won't eat, or have extra of. We will have donation boxes set out at PNB in Dwight, SOCU in Dwight, in the main office of DCS, and outside of Mrs. Vigna's classroom. Boxes will be collected at the end of business on November 1st, and sent out November 5th via Operation S.O.S. Thank you in advance for all your support, and have a Happy Hal-

Carson Crouch put the Trojans on the board in the first quarter on a four-yard run, giving his squad the early 7-0 lead, following an extra point kick by Samuel Edwards.

THE GSWB JUNIOR HIGH CROSS COUNTRY TEAM concluded its regular season at Kankakee Community College October 12, with a great showing in the sectional meet - hosted by Kankakee Bishop McNamara. "This team has worked so hard this season," stated Cross Country Coach Anne Simms, "running countless miles in the heat of summer and early fall. We had a group of completely dedicated athletes and it has paid off big time for these runners. Our runners have all cut minutes from their times last season to this season. The chilly temperatures on Saturday were a big change from what these runners were used to running in." The GSWB boys placed tenth as a team in the two mile race. The team score was comprised of finishes from Josh Conger, 78th, 20:04; Spencer Conger, 73rd, 18:47; Jarred Hirsch, 71st, 18:09; Aiden Mack, 56th, 14:52; and Tyler Gubbins, 34th, 13:39. The girls also ran a two mile race, and despite the cold temperatures, there were many personal best races from this group. Running for the Tigers were Madison Buck, 66th, 19:31; Kayla Scheuber, 64th, 17:49; Olivia Siano, 48th, 15:56; Emma Norrington, 42nd, 15:31; McKenzie Ragland, 30th, 14:48; Nina Siano, 12th, 13:40; and Maddie Simms, 4th, 12:54. These efforts earned the girl's team fourth place at the meet. Siano and Simms earned the opportunity to compete in the State meet October 19 in Bloomington. Simms was also recognized for being in the top ten for the field of girls. "I am incredibly proud of all these athletes," added Coach Simms. "I am so thrilled to have two girls advancing to State as sixth graders. These young teams have a lot of potential, and I am excited to see what the State meet, and next year's season, bring!"

How to give back to seniors in your community

The strongest communities tend to be those in which members make a concerted effort to give as much as they get. Giving back to one's community can foster strong relationships with fellow residents and ensure that everyone, including the less fortunate, is in position to live happy, healthy lives.

Certain people in a community may be more vulnerable to issues that can adversely affect quality of life than others. For example, the National Institute on Aging notes that, as men and women age, many are alone more often than when they were younger, leaving them vulnerable to social isolation and loneliness. Such feelings can prove very harmful to their health, potentially contributing to problems such as depression, cognitive decline and heart disease.

Volunteering to help the aging members of one's community is a great way to give back, and such efforts can prove rewarding for both seniors and the volunteers who lend them a hand.

• Pull an extra chair up to

the dinner table. Many a meaningful connection has been made and maintained over the dinner table. Breaking bread with a senior from your community is a great way to foster such connections and provide an avenue for social interaction for seniors. Seniors who live alone might not enjoy cooking for one each night, but they might jump at the chance to eat dinner with a neighbor and even help prepare the meal. Invite a senior over once per week, encouraging them to share stories about their lives as well as how the community has developed over the years.

· Help seniors manage their finances. Many seniors struggle to manage their finances, as laws regarding taxes and investing are subject to routine changes. A little help in this area can go a long way for seniors. Adults who want to help but don't know where to begin can do the legwork for their aging neighbors. Contact agencies such as AARP to deter-

mine if there are any financial assistance programs that can help seniors effectively manage their money and take advantage of age-specific perks, such as programs that may help seniors lower their energy costs.

• Offer to help around the house. Seniors who reside in single-family homes may not

be able to keep up with routine home maintenance. Neighbors who want to help can offer to mow the lawn, tend to the landscaping and tidy up inside. Keep an eye open for other issues, such as clogged gutters, that can be fixed easily but prove costly if they go ignored.

Fainting Should Be Taken Seriously

Often in movies, fainting is the result of high emotions, pregnancy, or even a response to someone bleeding or a spider crawling up a wall. But fainting, or syncope, shouldn't be readily dismissed.

Syncope is defined as a temporary loss of consciousness due to insufficient blood flow to the brain. And while fainting can indeed be caused by a wide range of conditions ranging from emotional stress to standing up too quickly, it can also be a sign of a serious heart abnormality. Heart arrhythmias, blood clots, myocardial ischemia, cardiac valve disease, aortic stenosis, heart attacks, and heart failure are all heart conditions that can cause a person to pass out.

That's why Morris Hospital

cardiologist Dr. Muhammad Marwali says those who experience any kind of fainting episode should see a physician.

"People should take syncope very seriously," Dr. Marwali said, "especially when they also have symptoms of dizziness, palpitations, or heart racing, or if the syncope occurs with exercise."

When a person passes out, Dr. Marwali said an emergency room visit is recommended if they have had multiple syncope episodes, have passed out without any warning symptoms, or if the episode is associated with chest pain or shortness of breath. If it's just a one-time event that lasts only a few seconds, he suggests an appointment with a primary physician to determine the cause.

A primary care physician or a cardiologist will first order tests to determine the cause of a person's fainting episode, Dr. Marwali explained. Blood electrocardiograms tests. (EKG), angiograms, and exercise stress tests are all common diagnostic tools.

Patients may also be placed on a Holter monitor for one or two days or on an event monitor up to 30 days that keep records of heart signals during fainting episodes.

In the event of a light-headedness or a syncope episode, Dr. Marwali recommends immediately sitting or lying down and calling someone for assis-

Retirement Years – An exciting time to travel

The retirement years can be an exciting time to see the world, and travel is easier and safer than ever before for seniors. With a little planning and some caution, seniors can safely visit almost any destina-

All travelers, including seniors, should see a doctor for a pre-travel visit, ideally 4-6 weeks before they travel, although even a last-minute visit can be helpful. The doctor should be told about illnesses the traveler has and medicines he or she is taking, since this will influence medical decisions. In addition to providing vaccines, medicine, and advice for keeping healthy, a doctor can conduct a physical exam to assess a senior's fitness for travel. Seniors should consider their physical limitations when planning a trip. Seniors with heart disease, for example, might choose an itinerary that does not involve strenuous activities. Seniors may also have a hard time recovering from jet lag and motion sickness, so they should take these factors into account when planning a trip.

Before travel, seniors should have information about their destination that could affect their health, such as the altitude and climate. They should be aware of whether the destination is prone to natural disasters, such as earthquakes and hurricanes, since seniors may have more problems in those extreme situations.

Vaccines

Before travel, seniors should be up-to-date on routine vaccines, such as measles /mumps/rubella and seasonal flu. Some of these may be considered "childhood" vaccines, but the diseases they protect against are often more common in other countries than in the United States. More than half of tetanus cases are in people over 65, so seniors should consider getting a tetanus booster

before they travel. Seniors should also receive other vaccines recommended for the countries they are visiting. These may include vaccines for hepatitis, typhoid, polio, or yellow fever. Recommended vaccines are listed by country on CDC's destination

Use of some vaccines may be restricted on the basis of age or chronic illnesses. Yellow fever vaccine, for example, should be given cautiously to people older than 60 years, and it should not be given at all to people with certain immunesuppressing conditions. Seniors should discuss their detailed travel plans with their doctors and, if necessary, alternatives to vaccination.

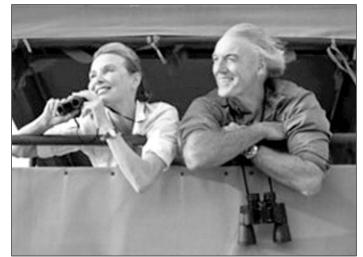

Medication

A doctor may prescribe medicine for malaria, altitude illness, or travelers' diarrhea; seniors should make sure the doctor knows any other medications they take, to watch out for possible drug interactions. Travelers' diarrhea is common and may be more serious in seniors, so seniors should also follow food and water precau-

In addition to medicine prescribed specifically for travel, seniors are likely to take other medicines regularly, such as medicines for high blood pressure, diabetes, or arthritis. They should plan to pack enough medicine for the duration of the trip, plus a few days' extra in case of travel delays. Counterfeit drugs may be common overseas, so seniors should take only medicine they bring from the United States.

Prescription medicine should always be carried in its original container, along with a copy of the prescription, and all medicine should be packed in carry-on luggage, in case checked luggage gets lost. **Injury Prevention**

Although exotic infections make the headlines, injury is the most common cause of preventable death among travelers. Seniors can minimize their risk of serious injury by follow-

ing these guidelines:

- Always wear a seatbelt.
- Don't ride in cars after dark in developing countries.
 - Avoid small, local planes. · Don't travel at night in

questionable areas. In addition, seniors should consider purchasing supplemental travel health insurance

in case of injury or illness over-

seas. Many health plans, in-

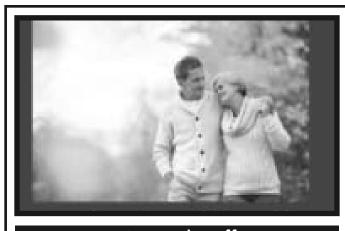

cluding Medicare, will not pay for services received outside the United States. Seniors who are planning travel to remote areas should consider purchasing evacuation insurance, which will pay for emergency transportation to a qualified hospital.

A report from the World Economic Forum recommended that the richest countries across the globe raise their retirement ages in order to prevent the collapses of pension

Full retirement age in the United States varies depending on when a person was born, though it's currently between age 65 and 67. But longer life expectancies among today's men and women as well as considerably longer life expectancies for babies born today is partly why the World Economic Forum recommended raising the age at which people can begin receiving their full benefits. Pension funds have been unable to keep pace as people are living longer but still retiring around the same age as they have for decades.

That will create a considerable shortfall by 2050, when the World Economic Forum predicts eight countries, including the United States, Canada, India, and China among others, will face a combined pension fund shortfall of \$400 trillion.

According to a study from the U.S. Bureau of Labor Statistics, housing is the greatest expense in dollar amount and as a share of total expenditures for households in which a person 55 and older is considered the primary owner or renter of the home.

Total annual household expenditures, which were culled from the BLS' 2014 Consumer Expenditure Survey, totaled just over \$49,000. These expenditures included food, housing, clothing, transportation, health care, and entertainment, among other expenses.

The BLS study found that housing accounted for nearly one-third of annual household expenditures headed by people age 55 and older. Households headed by people between the ages of 65 and 74, housing expenses accounted for a slightly smaller percentage of overall annual expenditures, while housing accounted for 36.5 percent of overall expenditures in households headed by men and women age 75 and older. Such figures illustrate the need for men and women to account for housing expenses in their retirement planning.

"The Pamela Farris Rural Library Award, through Illinois Reading Council, has provided my students at SWGS with many new books to add to our classroom. With no school library, these books are a great addition to my classroom collection of books. These books not only have a wide range of levels to meet the needs of all the students I teach, but also have themes that include diversity. My students loved reading these new books. In the short time that we have had them, we have already used them as group read alouds, buddy reading, independent reading, and book talks. These books will be read by so many students throughout the years! Thanks again for helping to increase the variety of books our students have access

Land of Lincoln Honor Flight October 29

by Rachael Reynolds-Soucie

Land of Lincoln Honor Flight will take its final 2019 Honor Flight on Tuesday, October 29, and one aircraft carrier veteran from Dwight will be on board.

Harry Landers is being honored and will be accompanied by his daughter, Pamela Taylor, of Davenport, Iowa, who will serve as his guardian for the day.

Ninety-four veterans and their guardians will depart from Springfield's Abraham Lincoln Capital Airport. On board to Washington DC, will be 16 Korean War and 78 Vietnam War Era Veterans - all excited to visit and reflect with their comrades at their national memorials, said Joan Bortolon of Land of Lincoln Honor Flights These veterans represent all branches of military service: 12 Air Force, 64 Army, 1 Coast Guard, 5 Marine Corps and 12 Navy veterans.

The veterans will board luxury motor coaches upon arrival at Ronald Reagan National Airport in D.C. Their most important stops will be at the World War II, Korean and Vietnam War memorials as well as Arlington National Cemetery for the Changing of the Guard ceremony at the Tomb of the Unknowns. Other stops include the Lincoln Memorial, the National Air & Space Museum (Chantilly, Virginia), the US Marine Corps Memorial, the US Navy Plaza and the US Air Force Memorial -- all at no cost for the veterans. They return home that night.

Each flight costs about \$80,000, Bortolon said. So far, the Land of Lincoln hub has raised \$480,000 for six flights this year.

Veterans get a T-shirt and a cap to wear on their special day, and each era has a different color: WWII blue, Korea gold and Vietnam red.

"It makes a statement when

Harry Landers

there are civilian tourists and they see 72 people, all dressed alike, it's going to pique their interest and we can tell their story .. and this is how we honor them and this is how we thank them."

Honor Flight is headquartered in Ohio, and Land of Lincoln, which was chartered in 2009, is one of several hubs in Illinois. The hub serves veterans from 32 counties, including Livingston -- some 25,000 square miles. All money for Honor Flights is raised by private donations. Since Land of Lincoln was chartered in 2009, they have taken 4,546 veterans on 59 flights to see the nation's war memorials in D.C. The one next week will be the sixth this year. In 2018 they also took six flights

Landers served as a gunners mate on the USS Valley Forge 24 Essex-class aircraft carrier from 1957-1960 in the North and South Atlantic and the Mediterranean. He was lucky to have served during peacetime. The Korean War ended in 1953.

His twin brother, Larry, served at the same time aboard the USS Vesole destroyer stationed out of Charleston, S.C.

Landers said he comes from a family of veterans and has other brothers who served and saw combat. They all grew up in Dwight. His late brother John earned a Bronze Star. His late brother Ron served in the Korean War. He has a grandson currently stationed in Vietnam on a mission to find downed pilots

Landers visited Washington, D.C. with his family five years ago. But he's looking forward to another trip.

"It's going to be nice to go back," he said.

And when he returns, there will be more to celebrate. He and Larry, of Gardner, will celebrate their 80th birthdays with a party in Dwight. The twins were born on Nov. 3, 1939.

HOW TO APPLY

Veteran applications for Land of Lincoln Honor Flight continue to be accepted with flight priority given in the following order: World War II (enlisted by 12/31/1946), then Korean War Era (1/1/1947 to 12/31/1957), followed by the Vietnam War Era (1/1/1958 to 5/7/1975). Any certified terminally ill veteran should contact Land of Lincoln Honor Flight directly. Veteran or guardian applications can be found at LandofLincolnHonorFlight.org and clicking on the Applications tab.

Flights are free for veterans. Guardians pay \$475, and they are always looking for volunteers - "the chance to spend the day with a hero," Bortolon said.

Donations and applications can be sent to 57 Country Place, Springfield, IL 62703; or by visiting the website, land-oflincolnhonorflight.org, or through the organization's Facebook page.

NOTICE TO LIVINGSTON COUNTY TAXPAYERS ASSESSED VALUES FOR 2019

Valuation Date (35 ILCS 200/9-95): January 1, 2019
Required level of assessment (35 ILCS 200/9-145): 33.33%
Valuation based on sales from (35 ILCS 200/1-155): 2016, 2017 & 2018

Publication is hereby made for equalized assessed valuations for real property in this township in accordance with 35 ILCS 200/12-10.

Pursuant to 35 ILCS 200/10-115, the farmland assessment for the 2018 assessment year will increase by 10% of the preceding year's median cropped soil productivity index as certified by the Farmland Assessment Technical Advisory Board resulting in a \$29.10 per acre increase for each soil productivity index.

As required by 35 ILCS 200/9-210 and 35 ILCS 200/10-115, the following equalization factors have been applied to all Residential, Commercial, Farm Homesites & Dwellings and Other Land & Improvements to bring the assessments to the statutorily required three-year median level of 33.33%.

<u>Township</u>	Level of Assessment	Twp Multiplier
Nevada	31.74	1.0500
Dwight	32.17	1.0360
Round Grove	33.33	1.0000
Odell	33.33	1.0000
Union	33.67	.9900
Broughton	33.33	1.0000

Property in each Township, other than farmland, is to be assessed at a 33.33% median level of assessment, based on the fair cash value of the property. You may check the accuracy of your assessment by dividing your assessment by 33.33%. The resulting value should equal the estimated fair cash value of your property. If the resulting value is greater than the estimated fair cash value of your property, you may be over-assessed. If the resulting value is less than the fair cash value of your property, you may be under-assessed.

If you believe your property's fair cash value is incorrect or that the equalized assessed valuation is not uniform with other comparable properties in the same neighborhood, the following steps should be taken:

- 1. Contact your township assessor's office to review the assessment.
- 2. If not satisfied with the assessor review, taxpayers may file a complaint with the Livingston County Board of Review. For complaint forms, instructions, and the Rules and Procedures of the Board of Review, call (815) 844-7214 or visit for more information.
- 3. The final filing deadline for your township is generally 30 days from this publication date, or November 22, 2019. After this date, the Board of Review is prohibited by law from accepting assessment complaints for properties in these townships. For more information on complaint deadlines, call (815) 844-7214 or visit.

The following list contains all properties that received an individual change for those townships. The print order is alphabetical based on records of the Office of Supervisor of Assessments as of the date of the creation of this list. The list contains the parcel number, the name of the taxpayer, the assessed value of the buildings (improvements) and the total assessed value according to the records in the office of Supervisor of Assessments. To determine the land assessed value, subtract the improvement assessed value from the total assessed value.

Your property tax bill will be calculated as follows:

Final Equalized Assessed Value – Exemptions = Taxable Value
Taxable Value x Current Tax Rate = Total Tax Bill

Your property may be eligible for homestead exemptions, which can reduce your property's taxable assessment. For more information on homestead exemptions, contact the Livingston County Supervisor of Assessments Office at (815) 844-7214.

If you have any questions on this heading or on property assessed value, please feel free to contact the Livingston County Supervisor of Assessments Office at (or by mail at 112 W Madison St, Pontiac IL 61764 during normal business hours of Monday - Friday 8:00 am - 4:30 pm.

All equalized assessed valuations are subject to further equalization and revision by the Livingston County Board of Review as well as by the Illinois Department of Revenue.

JILL HAACKE VILLAGE CLERK Rep. Tom Bennett Reports

New Firearm Dealer Rules Being Developed by ISP

State Police developing rules for new firearm dealer licensing law. Last year, over my strong opposition and the opposition of most of the Republicans in the House, the state enacted a new law requiring onerous mandates on licensed firearms retailers in Illinois. The bill was signed in January and took effect in July. The State Police (ISP) are now in the process of making rules for how the new law will be implemented.

Part of this rulemaking process involves taking comments from the general public. Though the formal public comment period is now closed, ISP is still accepting them, just without a requirement that they reply to any new comments. Another comment period will be open in the future when the ISP finalizes its rules and submits them to the Joint Committee on Administrative Rules.

Many consider this new law and the rules which govern it to be serious infringements on our Second Amendment rights. That is the major reason why I opposed the bill when it was called for a House vote. Now that it has been signed into law, a lawsuit challenging the new law is pending.

Among the burdensome requirements of the new law is a requirement that licensed gun

dealers have security systems that are roughly equal to those found in banks or casinos. The law requires firearm retailers to install video cameras which scan the business and monitor the identities of everyone in the part of the store where firearms are stored, handled or trans-

The proposed rules can be found in volume 43, issue 34 of the Illinois Register, beginning on page 9084. A large number of comments from Second Amendment supporters have already been submitted to protest these new rules. Those wishing to submit a comment may direct it to Mr. Matthew R. Concerns mounting about Illinois crop yields. Last week I told you about a crop report from the U.S. Department of Agriculture which stated that the Illinois harvest was picking up steam after a difficult planting season. Unfortunate-ly, that is only part of the story. While the nice weather of the past few weeks has helped Illinois farmers catch up to the yearly average of completing harvests, many farmers and agriculture industry leaders are expressing growing concern about the crop yields that those harvests

The delays caused by the excessively wet spring led to a shorter planting season throughout the state. This in turn reduced many cornstalks' ability to set large ears. As a consequence, corn conditions in Illinois have been rated 54% fair-to-poor, with 21% considered poor or very poor. The numbers for soybeans are similar: 57% fair-to-poor and 20% poor or very poor.

The Illinois Department of Agriculture has put together a list of state and federal resources that are available to help Illinois farmers impacted by the difficult conditions this year. Meanwhile, our local farmers will continue to be harvesting over the next few weeks. Please remember to use caution on the roadways and be on the lookout for farm equip-

How much do we owe? As of the time of this writing, the State of Illinois owes \$7,233,732,417 in unpaid bills to state vendors. One year ago, the backlog stood at \$7.9 billion. This figure represents the amount of bills submitted to the office of the Comptroller and still awaiting payment; does not include such as the unfunded pension liability estimated at \$133 billion.

Pet of the Week

I'm a handsome young man at just years old! I am also on the small side for a Lab and weigh in at 38 lbs. I love the outdoors and the pools that the ladies put outside for me when it's hot! I could splash and play and lounge for hours! I also love to play fetch with the new

donut toy that some wonderful people donated for us to play with! I would love a home with other dogs! The ladies take me outside with Bear so we can run and play to our hearts desire! I need a home without the little four leggeds though, you know, the kind that have to potty in the little boxes? I'm not the biggest fan. I also need a home with a strong leader that isn't afraid to tell me no. The ladies know that I just need some direction sometimes! I cannot be left unattended in a chain link fence, as I get lonely and go looking for my mind walking me everyday or has a wooden privacy fence. The ladies will gladly answer any questions you may have about me via email or phone call!
