

Mr. Scheuer AD Report

October 2025

Baseball

Our boys baseball team played 3 great games in the Regional which we held and won the championship for the first time in 15 years. We then traveled to Joliet to take on Joliet St. Raymond in the sectional. We jumped out to an early lead but just couldn't keep the bats going and lost by a final score of 10-4. Coach McDowell was so proud of all the progress the boys made and is looking forward to next season. (Joliet St. Raymond ended up getting 3rd in the state.)

Cross Country

The cross country team hosted a home meet with Gardner last week. We have a strong team but lack the depth to compete for a team championship. The sectional meet is Oct. 10th. at Perry Farm Park in Bourbonnais. I have talked to Coach Trewartha and we have a plan to try to recruit some more kids for next year. We will approach the baseball and softball players at the end of their seasons and see if they want to join up after their last games. Since cross country goes so much later than those two it could really benefit our program.

Girls Basketball

Girls basketball had tryouts and we are pleased to have 4 levels of basketball being played this season. Our 5th/6th level will have 2 teams, an A and a B coached by Max Sulzberger. The 7th grade team is coached by Kayla Kodat and the 8th grade team is led by Andrew Pittenger again. The season has already started and all 4 teams have had success.
