GOOD NEWS & THANK YOUS

- ♦ GOOD NEWS—Mr. Justin Eggenberger has been selected as the Redbird Teacher of the Month!
- ♦ GOOD NEWS—I was able to attend Representative Jason Bunting's Education Advisory Committee meeting with Mr. DeLong on September 23rd. We appreciate a voice at the table with respect to important issues in education and legislative priorities.
- ♦ THANK YOU—to Amy Kargle and her Scarecrow crew for organizing the Harvest Days Scarecrows at school and display/clean-up again this year!
- ♦ THANK YOU—to the Sunshine Club for scheduling the Comfort Cookin' food truck during conferences.

Student of the Month: September

Kindergarten: Zeke Bedore, Hendrix Clay, Uriel Maldonado & Wade Misener

5th: Caiden Bean, Josie Boudreau & Layla Hansen

1st: Easton Berta, Brody Funk & Gunnar Jones

6th: Frankie Lair, Harper Ochoa, Joshua Shireman & Riley Watts

2nd: Brilee Misener, Lily Oertel, Hannah Youngblood & Jack Zaid

7th: Nora Goetsch, Allie Hansen & Jaxon Lee

3rd: Emma Carey, Neythan Escribano, DaLeah Ulmer & Addyson Windberg

8th: Carlos Ochoa & Avery Watters

Music: Allie Hansen

4th: Ben Davis, Livi Maxard, Jadis Melvin & Iris Riber

Fall Benchmark Testing

Fall benchmark testing (MAP & FastBridge) have been completed. Please see the attached documents with school-wide averages and grade-level performance. These reports include data from all students including those with individualized education plans (IEPs) working independently with no support.

FastBridge was adopted this year taking the place of AimsWeb. National normative data standard percentile ranges would expect 15% of students to be in the red and/or at risk category. Reports are attached by grade levels with very favorable results.

FastBridge earlyMath (K-1st): 75% low risk, 15% some risk and 10% high risk

FastBridge eMath (2nd-8th): 16% College Pathway, 35% low risk, 35% some risk and 14% high risk

FastBridge earlyReading (K-1st): 63% low risk, 27% some risk and 10% high risk

FastBridge eReading: 24% College Pathway, 32% low risk, 27% some risk and 17% high risk

MAP reports are consistent with the FastBridge data as well which is exactly what we want to see in order to have a better picture of student performance.

MAP Math: K and 1st grade reports show high achievement; 3rd grade is just short of the high achievement range by one percent. All other grades are in the average achievement range.

MAP Reading: 1st grade reports show high achievement with all other grades are in the average achievement range.

As stated last year, we will continue to strive to see above average growth and achievement for our students when we review Winter data.
